

FREE LUNCH & LEARN FOR LOCAL BUSINESS OWNERS

Get **5 Hours** a Week Back with AI

A practical, no-jargon session on what AI can actually do for a small Alberta business — with lunch on us.

FREE · LUNCH INCLUDED

Leave with at least one AI automation you can put to work Monday morning.

01

3 real wins

The exact ways local businesses are using AI right now — not theory, things you can copy.

02

Your business

A quick live look at your own day-to-day. Walk away with 1–2 opportunities specific to you.

03

Time back

We sell you your time back, not "AI." Most owners find 5–10 hours a week to reclaim.

Who it's for: owners and managers of local businesses — trades, retail, ag, real estate, professional services, anyone tired of the busywork. No tech background needed. Bring your questions and an appetite.

DATE _____	TIME _____
LOCATION _____	RSVP BY _____

Seats are limited so we can cater lunch. **RSVP through your Chamber** or at neonskyai.com/ai-lunch
